Third Party Ballot Collection Policies

No updates required since June 28, 2023

Background
MAP has analyzed each state law to determine whether a given state’s restrictions on ballot collection are overly burdensome to voters. Restrictions on ballot collection can disproportionately affect Native voters, disabled voters, and other voters in remote locations. Factors considered in our scoring include:
1) Who can collect a ballot; 2) How many ballots can be collected; 3) In what circumstances ballot collection is allowed; 4) Whether compensation is prohibited for ballot collection; 5) Time limits in which ballots must be returned; 6) Criminal penalties associated with ballot collection; and 7) Other restrictions such as requiring notarization.

Scoring
- State only allows the voter to return mail ballot, -1/2 point
- State overly restricts ballot collection, -1/4 point
- State does not overly restrict ballot collection or has no restrictions, 0 points
